## "Thank You!"

Wow, just Wow!

You guys understood the assignment! I got through the last of the bags and was blown away by how much was delivered. I cannot thank the congregations enough for the generosity towards the Sem students and their families!

The spices were such a thoughtful and great thing to add to the list.

Truly, truly appreciate that!

The gluten-free items will keep my gluten-free section stocked for several months!! I love the variety, and so will the families.

My applesauce section was bare, and is now restocked to the gills, with more to refill as needed! And the oatmeal!!

Same with the chicken-delightful!

My no-salt added families will also be tickled to see that area restocked for the new year!

Such a wonderful feeling to mark things off my list of items that we were completely out of and I needed to purchase...and now it's overflowing! Just wanted to take a moment to send deep, deep, deep appreciation.

## "Thank You!"

Now that things have settled down a little for our family, we would like to take a moment to thank everyone. We truly appreciate all the prayers and well wishes for Violet following our car accident. We would also like to thank Pastor for his concern for us and his visits to the hospital. God has blessed Violet with the progress she has made so far, and we know that he will continue to be with her for the duration of her recovery.
